

Digital Learning

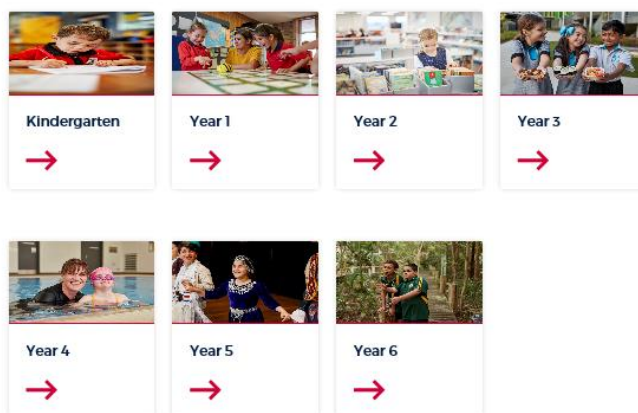

Dear parents/carers

The Department of Education has developed a suite of resources to support families when unprecedented circumstances prevent students from attending school.

In situations when your child is well but unable to get to school, if you wish to access stage-appropriate resources to use when learning from home, we recommend you access: [Primary \(nsw.gov.au\)](http://Primary(nsw.gov.au)).

Primary

Welcome to the primary digital learning packs for 2022. Select a year below to get started.
